

Housing in Cumberland

Housing needs for the future are an important part of land use planning. How we deliver opportunities for housing growth will be critical to retaining the quality of life enjoyed by residents.

Draft *Cumberland 2030: Our Local Strategic Planning Statement (LSPS)* sets out a planning framework for the future housing needs of the Cumberland community.

Our local planning priorities

- Deliver housing diversity to suit changing needs.
- Deliver affordable housing suitable for the needs of all people at various stages of their lives.
- Design vibrant and attractive centres.
- Provide high quality, fit-for-purpose community and social infrastructure in line with growth and changing requirements.

Have your say

Draft *Cumberland 2030: Our Local Strategic Planning Statement* is on exhibition until 30 August 2019.

We are interested to hear your thoughts about where you think increased housing supply should be located, and what should it look like (the desired urban form).
