## How to search if my property is affected by Bush Fire Prone Lands mapping

### Step 1:

Click on **Bush Fire Prone Lands Map** under 'Is my property affected?'  
<https://haveyoursay.cumberland.nsw.gov.au/bushfire-management>

### Step 2:

Click on '**Property Address**' and type in your address (at the bottom of the page)

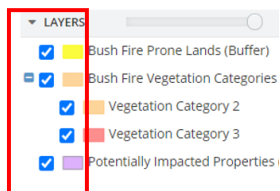

The screenshot shows a search interface with three tabs: 'PROPERTY ADDRESS', 'PARK NAME', and 'PLACE OF INTEREST'. The 'PROPERTY ADDRESS' tab is selected and highlighted with a red box. Below the tabs is a search input field with the placeholder text 'ENTER YOUR ADDRESS HERE' and a red box around it. Below the input field are two buttons: 'Search' and 'Clear'. A blue arrow points to the 'Search' button.

### Step 3:

If your property is highlighted in purple (either partial or whole), then your property is affected by this change.

To know more details, you can turn on additional information on the left hand side under '**Layers**'. Additional information includes:

- Buffer zone – in yellow
- Vegetation categories 2 and 3 – in light and dark orange
