

GRANVILLE TOWN CENTRE AND SURROUNDS

Proposed Planning Framework – Access and Movement

DRAFT

Improve east-west connectivity along William Street

Reinforce South Street as a vibrant street

Future opportunities to enhance north-south connectivity

Opportunities to enhance walking links, access to public transport and car parking

- Movement corridor**
Main road that facilitates efficient movement between strategic centres/regions
- Local street**
Street with a high demand for movement and level of activity
- Vibrant street**
Street that facilitates local access for communities
